## PUBLIC TAKES INTEREST

Metal Stocks Strong, and American Zinc Rushes to New Record-Suga Issues Also Are Active.

New York, March 9.-Invasion of Texas by Mexicans, return of the mythical fleet of German battleships to its home har-bor, withdrawal of the warning resolu-tion from Congress, new high prices for steel, off, sugar and metals, together with a display of wealth in the hands of farm

ers, persuaded Wall Street to buy stock-today.

Beginning timidly in the morning, the list was made active up to lunch time whereupon the market took about ar

whereupon the market took about an hour off and then resumed the contest up to the closing. For, be it known, this is a strictly professional market, and has its lunch between 1 and 2.

Report of a public in the offing was halled with cheers. Some of the advance guard of the public did arrive before 3 o'clock, and the market closed strong, cheerful and with a distinct upward tendency. A further decline in marks to a new low record of 72% counteracted the effect of further German gains at Verdun.

did make a swift rush to a new record. Butte and Superior move

high record. Butte and Superior move, up still further. The substantial coppe stocks, under leadership of Anaconda made material gains. Other favorite in this class are Utah, Kennecutt Shatuck and Inspiration.

Under leadership of Cuba Cane Sugar which is on the curb, all the companies that have sugar to sell were strong to

RAHLROAD BONDS.

Long Side Popular.

The wheat market was given a builish slant yesterday with the announcement by officials of the White Star Line that freight space in their trans-Atlantic liners had been commandeered by the British government for the accommodation of munitions and grain shipments. Hitherto it had been supposed the space was to be used exclusively for the shipment of munitions, and the announcement of yesterday indicates an increased demand for American grain.

## CHICAGO GRAIN MARKET.

125

Chicago, March 9.—Never in the history of North America were the wheat stocks known as the exportable surplus, as enormous as is to be seen today. The wheat reserve of 24:000,000 bushels in the United States are signated to say the least and 31,000,000 bushels above the former record of 207,000,000 bushels above the former record of 207,000,000 bushels are now about 194,000,000 bushels are in 1907. In the farm reserves and the visible there are now about 194,000,000 bushels are in farmers' hands. This, on top of the amounts shown by the government official fluores on Tuesday, makes a record supply which is to be taleast partially disposed of before another crop is available.

The seaboard reported only 200,000 bushels of wheat as sold today for shipment abroad and the transactic challenges of 191, and 191, and

WHEAT CROP INCREASES

Quantity in Mills March 1 About 15 Per Cent of 1915 Supply. The Bureau of Crop Estimates of the Department of Agriculture, yesterday aft-ernoon made the following statement with regard to wheat stocks held in mills and

elevators:

"The quantity of wheat held by interior mills and elevators on March 1 is estimated at 15 per cent of the 1915 crop, this would be equivalent to about 151,-91.000 bushels, and compares with 85,-255,000 similarly estimated for a year ago: 93,626,000 two years ago, and 118,400,000 bushels three years ago.

"These estimates are based upon re-ports from interior mills and elevators to the Bureau of Crop Estimates of the Department of Agriculture. They do not include 'visible' stocks at points of large accumulation."

Railroad Probe Favored.

The House Interstate Commerce Committee yesterday decided to report the Newlands resolution, which has already present the Commerce of the Commerce o Baltimore, March 2.—The feeling among the rais and file of traders is again optimistic, and brokers and file of traders is again optimistic, and brokers report that clients are inclined to increase their commitments.

The House Interstate Commerce Committee yesterday decided to report the Newlands resolution, which has already passed the Senate, providing for the appointment of a joint Congressional commission to investigate railroad conditions particularly with reference to the work of the Interstate Commerce Commission.

## The Zinc Concentrating Company

Capital \$3,000,000 Par Value \$10-Full Paid and Non-Assessable

The Zinc Concentrating Company has purchased and owns all the patents, rights and contracts relating to the "Campbell System of Magnetic Separation of Zinc, Iron-Sulphide Ores." This process has been developed by actual use commercially until today it is admitted by scientists and metallurgists to be one of the most important developments in the treatment of zinc, iron-sulphide ores, ranking, in relation to those ores, with the oil flotation process.

## OFFICERS AND DIRECTORS
